ALBANY FIREMEN PRAISED FOR AID IN HIGH SCHOOL BLAZE

"I salute you." These words were taken to members of the Albany Fire Department by their chief, Fred Pimental, from Berkeley's Fire Chief Wm. A. Meinheit.

The salute was included in a letter from Chief Meinheit read at the Albany City Council meeting and in which the officers and men of the Albany Fire Department were commended for their services at the fire Sunday night at St. Mary's College High School. Chief Meinheit cited the combined activities of the two departments as an outstanding example of "true mutual aid."

Permits were granted two outdoor shows in Albany, one to begin March 18 under Harry P. Fisher of the Golden West Shows, and the second to D. M. Lewis, of the Pacific United Shows and scheduled to open March 30. Both applications had the approval of the police chief.

Resolutions were passed calling for an election on April 8 and establishing authority for placing on the ballot a \$456,000 bond issue, a proposal to annex Albany to the Mosquito Abatement District and a referendum proposal on an ordinance recently passed declaring certain portions of San Pablo Ave. a wholesale district.

Baptist Church Property Bought By School Board

The Albany Board of Education at a special meeting on Wednesday, February 27, accepted the compromise offer of the Albany Baptist Church for the purchase of their property and buildings on Portland Avenue between Key Route Boulevard and Pomona Avenue. The purchase price consisted of \$24,000 in cash plus a lot at Pomona Avenue and Thousand Oaks Boulevard and one of the houses on Pomona Avenue now owned by the school board. The final acceptance by the Baptist Church will bring to an end several months of negotiations between the two parties. With the purchase of the property approximately 70x220 ft. including two buildings, a parsonage and church, the school district will own the entire square block on which the high school is situated.

The Board also voted to continue the operation of existing Child Care Centers under the new legislation passed at the recent session of the California legislature. The operation and support of these centers are now under the state government starting March 1, 1946. Miss S. Goetz, present director of the Albany Child Care Centers was authorized to admit children in accordance with the state rules and regulations.

The final action of the Board consisted of a proposal whereby the Albany City Council and Park Board would build bleachers on the south side of the football field at Memorial Park while the Board of Education would build bleachers on the north side, providing the property on which these north side bleachers were built was sold to the school district for a nominal sum.

The Albany Exchange Club went on record Tuesday night as unanimously endorsing Proposition No. 1 to appear on the ballot, Monday, April 8, at the City Election.

A letter from the Public Community Center Committee, signed by William T. Donahue, was read to the members asking for their active support in securing favorable approval of Proposition No. 1.

President Stanley Williams gave each member an opportunity to talk on the subject before final vote was taken to endorse Proposition No. 1. The Exchange Club members fully agreed with the Public Community Center Committee that the time has come when we should stop just talking about the needs of adequate recreational facilities for children, youth and adults, and do something about providing these facilities that will aid so greatly in the prevention of juvenile delinquency.

President Stanley Williams appointed William Garren as chairman, to represent the Exchange Club in securing favorable approval of Proposition No. 1 and to assist the Public Community Center Committee to the fullest extent. He will be assisted by Jack Hamilton and Elmer Venter.

ZONE ROW ON BALLOT OF APRIL 8

Albany City Clerk Myrtle McLean has announced that 724 signatures presented on a referendum petition to void a rezoning ordinance recently passed by the Council were in good order and eligible.

A total of 839 names were presented. At the last election there were 6895 qualified voters. In order to authorize a petition at least 10 per cent of the number of qualified voters are necessary as petitioners. The 724 found qualified on the petition legalized the referendum for the April 8 election.

The petition was circulated following passage of an ordinance which changed San Pablo Ave. from Portland Ave. to the county line from six-story commercial to a six-story wholesale district.

Protestants to the measure asked that spot zoning be invoked for the specific business permit applied for rather than rezoning of the entire area. Mayor Raymond F. Cleary was the single Council member to accede to the protestants' request and vote no on the ordinance.

I am a property owner and a business man and operate a 100% union shop."

"I am a member of the Chamber of Commerce, The Albany Eagles, Exchange Club of Albany, West of Sacramento Street Boys, and the East Bay Outboard Racing Club. "I have served many people in this city of Albany and am ambitious to work for the betterment of this city and for its citizens. "I personally endorse Proposition No. 1 to protect our children."

What to Do In the Event of An Emergency

In the event of a telephone strike the Albany Fire Department has announced that it will sound the siren to call in all off-shift firemen.

In case of an emergency involving illness, death or a matter of public welfare, telephone calls can be made from manually operated phones by asking operator for an ambulance, policeman or the fire department. Calls must be of an emergency nature. In the event of illness the Telephone Company urges residents to go directly to a hospital or to the nearest fire house or police station and ask them to call the ambulance.

For police aid go to the nearest police or fire station. The manual exchanges expected to be affected by the strike are: Berkeley, Piedmont, Ashberry, Thornwall, and Humboldt in the East Bay.

Albany Waste Paper Pickup Sunday, April 7

At the request of Fire Chief Fred Pimental, Albany Post No. 292 has set the date for the citizens of Albany to get rid of their waste paper. The date: Albany Post Members will tour the city to pick up the paper left on the curbs is Sunday April 7th.

According to Fire Chief Pimental there should be large quantities of waste paper that house wives of the city will have no way to dispose of after their spring house cleaning and there is still a need and demand for waste paper. By having a city wide drive to pick up the paper it will help the housewife, cut down the fire hazards and Albany Post will be aided in their Veteran Welfare and Community betterment programs by having their treasury improved by the sale of the waste paper.

Albany Post has under consideration two projects, at the request of the recreation Officers at service hospital are contemplating reviving the program of entertaining the boys in these hospitals with a series of shows to be held in Albany. The Albany Controlled Flyers Club are sponsored by Albany Post have ambitious plans to hold an 11 State Competitive meet for model aeroplanes May 19th and the Club has approached the Post on the possibilities of helping to finance this undertaking. Sponsoring of the waste paper drive by Albany Post could be one of the ways to raise the means to help sponsor both of the projects which go to advertise the good name of Albany. The last waste paper drive netted \$800.00 the entire amount was turned over to the Veterans Hospitals Christmas Committee as the City's contribution to the hospitalized veterans Christmas in 1945.

PLAN FOR CENTER TO AID YOUTH

William T. Donahue was elected permanent chairman of the Public Community Center Building "As a Living War Memorial" Committee, Wednesday, February 27. In accepting the chairmanship, Donahue stated "I feel it my civic duty to support a measure that would benefit your children and mine and realizing the fact that this measure is not a political issue, it deserves the rightful support of every person in the City of Albany who is interested in the leisure time of our children, youth and adults."

Donahue stated in a letter sent to all organizations urging their support that he was sure that all groups were aware of the tremendous increase in juvenile delinquency in the State of California and in the nation, and that the time had come when we should stop just talking about the need of adequate recreation facilities for children and youth and do something about providing these facilities that will aid so greatly in the prevention of juvenile delinquency.

Donahue pointed out that it has been a recognized fact for a number of years that Albany is without an adequate recreation center where the physical, social and cultural activities of our children and adults can be provided. The cost for the construction of this building has been set at \$200,000 carrying the recommendation of the Public Community Center Committee and approved by the Post War Planning Committee and the City Council. The average taxpayer in Albany would pay approximately \$2.20 per year for a period of 20 years which is the maturity date of the bonds.

The Public Community Center Committee is composed of members of various organizations in the City of Albany and is strictly a non-political organization charged with the responsibility of informing the citizens of Albany of the needs and facts pertaining to the proposed Public Community Center Building.

Donahue urges that the citizens of Albany carefully read the booklet entitled, "Invest in Youth," concerning the true facts about the Public Community Center Building that will be distributed in Albany during the coming week.

CHAIRMAN

ELMER COBLE

3 Propositions Recommended By Park Board

Chairman E. C. Blow of the Park and Recreation Commission urges the citizens of Albany to carefully study Propositions No. 1, 2 and 3, that will appear on the ballot at the City Election, Monday, April 8.

Blow pointed out that all three of these measures were unanimously recommended by the Park and Recreation Commission in the best interest of public health, safety and welfare. Blow said that unless steps are taken immediately to construct and improve our playground and community center facilities, our community will be seriously handicapped in the future. He warned the citizens that land is a scarce item in our city, and unless immediate action is taken to secure the necessary recreational facilities needed for our community, the leisure time and recreational opportunities of our citizens will be endangered.

Our Park and Recreation Commission has unanimously endorsed Propositions No. 1, 2 and 3, and urge your consideration of these recreational propositions.

Proposition No. 1 provides for the construction of a Public Community Center Building, furniture, fixtures and equipment, at a cost of \$200,000.

Proposition No. 2 states that the sum of \$45,000 will be used for the improvement of Memorial and Terrace Parks which will include such improvements as night lighting of tennis courts and soft ball fields, construction of basketball courts, resurfacing of tennis courts and sidewalks, installation of adequate drainage system, improvement of fence, apparatus and equipment.

Proposition No. 3 provides the sum of \$35,000 for the purchase and construction of a park or playground on the west side of San Pablo where a serious condition exists at the present time with no playground and a major highway to cross in order that the smaller children may play in safety.

Alfred E. Duncan, 27, 1445 Oak St., Oakland, was a member of the U. S. Coast Guard from August, 1942 to September, 1945. Prior to his Albany appointment, he served with the Reno Police Department and at one time was a member of the Auburn Department.

Officer Ralph Pearson, 1906 Merriam St., served 57 months with the U. S. Army, leaving the University of California prior to Pearl Harbor to enlist. Pearson participated in the Iwo Jima campaign and other history-making actions in the Pacific.

THE ROAD TO HEALTH

BLOOD PRESSURE
By R. S. WHITTAKER, M.D.

The voice of a woman singing a lullaby over the radio one night recently carried me back several years to a time when the singer had been a patient of mine.

She was in my office one morning when I arrived — a well dressed woman in her early forties. She was one of the most nervous persons I had ever seen. All the time she was talking with me she was playing with her beads or bracelet, snapping or unsnapping her purse, and her eyes were wandering all over the room. She said she had been unable to sleep at night, even sleeping tablets helped very little, and asked if there was anything I could do to help her.

Gradually, she told me her story. It was the story of a girl with a beautiful voice who had made a hit on the stage, had left the stage to marry and have children, then had grown restless and had gone back to the footlights. For two years she had been on the road most of the time. Being separated from her family, she was worried about her children, whom she had left in the care of her mother. She was also unhappy about her husband, who objected to her return to the stage, and she was afraid she was losing her voice.

I gave her a complete physical examination and found there was nothing organically wrong with her. However, her blood pressure was very high for a person of her age. I was certain that the high-tension, nervous existence she was leading was responsible for this condition.

The high blood pressure was a warning to the singer that she was living under too great a nervous and physical strain. Traveling almost constantly and working late at night while, at the same time, worrying about her family, she was not getting the rest she needed and was under constant tension. I told her the sleeping tablets would not help her and she should stop taking them. What she needed was to live a calmer existence and to try not to worry.

It was deeply gratifying to me to receive a letter from her several weeks later saying that her health was greatly improved and she was happier than she had been in years. After her talk with me, she wrote she realized that she would never be able to relax while separated from her family, so she had returned home and was reunited with her husband and children. To complete her happiness, she had been asked to sing on a weekly radio program.

High blood pressure means that the heart and arteries are under more than normal tension. It often indicates there is something wrong with the body which can be corrected. If not corrected, it may lead to heart trouble.

The strang thing about blood pressure is that too many people worry about it, whereas worry may cause the pressure to go up.

The important thing to know about high blood pressure is what causes it. Certain diseases of the kidney may cause it. In that case, the doctor will prescribe treatment for the kidney and the blood pressure will take care of itself.

Among the most common causes of high blood pressure are overweight, worry and too much excitement. People in America are apt to crowd to many activities in one day. The result is they are always rushing from one thing to another. Soon they become nervous and tense. An extra strain is placed on the heart and the blood pressure rises. Everyone should have regular physical examinations by a doctor. When he examines you, the doctor will take your blood pressure. If it is not normal, he will tell you what to do.

The opposite of high blood pressure is low blood pressure. This is seldom dangerous but it may make you feel lazy and peppy. If you are tired all the time and have no energy, perhaps you should see a doctor. Some simple exercise may be all you need.

YOUR
RED CROSS
MUST CARRY ON . .

During this month the American Red Cross makes its annual appeal for funds. The quota is \$100,000,000. Here are just a few reasons for Giving GENEROUSLY TO THE 1946 DRIVE:

- * There still remain 172,000 service men in hospitals who need Red Cross assistance.
- * Several million veterans at home and in foreign stations require Red Cross aid in preparing and filing dependency claims, securing evidence in support of claims, and obtaining assistance for themselves and their families.
- * Over 60% of Red Cross funds raised in this county will be used in our local chapter's program for home service to veterans and service men and disaster relief. (During 1945 the nation-wide Red Cross helped an average of 28 disaster victims every hour.)

That's the record. Now it's up to us. Let's all give generously!

BETTER BUS SERVICE FOR SOLANO AVE. AREA

Operation of improved motor coach service to the Solano Avenue area of Albany and Berkeley effective March 10, 1946, was announced today by Alfred J. Lundberg, president of Key System. The No. 88 Market Street motor coach line will be extended from its present terminus at Hopkins Street and The Alameda via The Alameda to Solano Avenue and thence via Solano to San Pablo Avenue, providing continuous service throughout the operating day. At the same time the No. 73 Solano Avenue line which has operated on a 22 minute headway during the morning and evening peak load hours only will be discontinued.

In making the announcement Lundberg said: "We feel that this extension is a definite forward step for the entire territory centering on Solano Avenue. The No. 88 line as extended will make available a more frequent service, and also one which will be operated through the midday and evening off peak hours as well as during the peaks. In addition it will make possible more convenient access to large portions of Berkeley

\$3,500,000 ANNUAL SAVINGS TO NATURAL GAS USERS

Yes sir, that's right! Natural Gas rates go down again.

Living costs have gone up and UP,
Natural Gas—down and DOWN

Since August 1939 the cost of living here has gone up 35 per cent. In this same period of rising costs the average price of Natural Gas in your home has dropped 33 per cent.*

*This 33 per cent includes the 10.3 per cent Natural Gas rate cut effective after February 28. There were other Gas Rate cuts in August 1939—in October 1940 and in February 1943.

At the new reduced rates, the cost of Natural Gas is more than one-third LOWER than it was in August 1939, while general living costs are one-third HIGHER.

For example: Most any household item that cost \$3.00 in 1939, now costs \$4.05—BUT an amount of Natural Gas that cost \$3.00 in 1939 now costs only \$2.00.

It is a tremendous job to keep ahead of Northern California's growth and demand for low cost Natural Gas. It takes an experienced organization and a lot of money. But your gas company is going ahead earnestly and eagerly in the American spirit of giving the public more and better service than ever before.

SIGNE HASSO

HILDEGARDE

George Sanders and Signe Hasso were about to exchange their nuptial vows in the filming of "A Scandal in Paris" when Pedro de Cordoba, who plays the priest, stopped the scene. "The wedding can't go on this way," he shouted. "And why not, for heaven's sake?" demanded Director Douglas Sirk. "There are five doves," de Cordoba replied, indicating the live feathered atmosphere cooing on the rail. "Four doves, six doves, yes. But five — never. You see, they're always in love!"

Two little beauty queens have won their prizes. Gina Hunter, 22 year-old brunette from California who is "Miss Victory Queen" and Elizabeth Jean Peters, who won the Ohio State beauty contest, have both been signed to a contract by 20th Century-Fox.

Did you know that Marjorie Main, the veteran character actress, is the daughter of a minister, Reverend S. J. Tomlinson? The actress says her theatrical ambitions date back to her eighth birthday, celebrated in Elkhart, Indiana. A visiting clergyman was doting over his Sunday sermon in the front parlor when Marjorie, on an impulse, burst into a recitation of "The Ancient Mariner" in the same raucous voice so successfully employed on the screen today. The startled parson leaped from the chair, and for some time afterwards Miss Main controlled her dramatic impulses. Ultimately, however, they triumphed.

The glamorous Hildegard has been singularly honored by having a lipstick and nail enamel named for her. Not since the days of Anna Held has a cosmetic company named a product for a living personality, and it's quite a feather in the chautauquists' cap that the Revlon people have named their latest item "Hildegard Rose." The choice was a good one, since the star has been featuring roses in her night club routine as well as on her Wednesday night "Raleigh Room" broadcasts.

RECORD NOTES: Kate Smith sings only she can "Here Comes Heaven Again" and "Somebody's Walkin' In My Dreams." Two excellent songs done in magnificent fashion on the Columbia label. Erskine Hawkins really lets loose in Victor's "Holiday For Swing" — a rug-cutter's special. It's backed by "I Guess I'll Have to Get Along Without You" — the sweet and low-down voice of Connie Boswell is back on Decca with "Something Sentimental" and "But I Did." Pure velvet.

FRANCES BINANTE WEDS IN EL CERRITO RITES

Saint Jerome's Church in El Cerrito was the setting March 2, for the 7:00 o'clock wedding ceremony of Miss Frances Louise Binante of 138 Pomona Avenue, El Cerrito and Mr. Jack Emil Helm of 34 Granada Ave., San Francisco, performed by Father John Healy.

The bride, daughter of Mrs. Catherine Binante and the late Mr. D. F. Binante, was gowned in ivory satin with a sweetheart neckline, long fitted bodice and a full skirt with a long train. Her finger tip tulle de illusion veil fell from an ivory satin looper tiara and she carried a Mother of Pearl prayer book with a white orchid and satin streamers tipped with butterfly orchids.

Miss Rose Binante was maid of honor for her sister and another sister, Miss Lucille Binante carried out bridesmaid duties.

They were gowned alike in Grecian style dresses of turquoise crepe jersey and carried shower bouquets of deep red roses. Turquoise looped tiara, designed like the brides, formed their headresses.

The benedict is the son of Mr. and Mrs. Emil Helm of San Francisco. He is a student at the University of California in the Department of Engineering and was formerly in the V-12 Unit there. He selected his brother, Mr. Robert Helm of San Francisco for best man and Mr. Philip Pearl of Albany, Mr. Philip Hawley of Portland, Oregon and Ensign Wells Hutchins of Berkeley seated the guests.

The church was beautifully decorated with tall vases of white callalilies and several candelabra of white lighted tapers.

The bride's mother was gowned in a draped grey crepe dress, mink scarf, violet accessories and wore a corsage of lavender orchids. The groom's mother wore a fuchsia crepe dress with matching accessories and carried a corsage of orchids.

Mr. Morris Roseman, a long-time friend of the family, gave the lovely bride in marriage.

A reception immediately following the ceremony was held at the home of the bride's mother. It was decorated in spring blossoms and a long banquet table held a three tiered wedding cake, punch, canapes, petit fours and cookies.

The young couple left for a honeymoon in Las Vegas, Nevada, new Mrs. Helm wearing as her going away outfit, a grey wool bolero styled suit with matching hat and black accessories.

Miss Binante, formerly of Chicago, attended Albany High School in her senior year and has many, many friends in Albany.

COMMUNICATION

Editor Albany Times:

Since the enclosed letter from Mr. Lundberg, President of the Key System contains good news that are of concern to all of us here in Albany, I should be grateful if you would print the letter in your paper.

KATHIE ZAHN.

KEY SYSTEM

1106 Broadway, Oakland, Calif.
Telephone Higate 4127

February 20, 1946.

Mrs. Kathie Zahn,
907 Santa Fe Ave.,
Albany, California.

Dear Mrs. Zahn:

You will recall that in May of 1945 you requested that we provide all-day service on Solano Avenue from San Pablo Avenue to The Alameda, for the accommodation of citizens of Albany and Berkeley residing in that area.

As we advised you at that time, it was not then possible to do this, because of the war-time conditions affecting public transit which then existed. While these conditions have not remedied themselves as quickly following V-J Day as had been hoped, nevertheless a gradual improvement has been taking place. This improvement we are endeavoring to spread as equitably as possible over our entire system.

I am now pleased to advise you that effective March 10th a more frequent service throughout the day and evening will be provided on Solano Avenue, with direct connection without transfer to large sections of Berkeley and Oakland. This will be done by extending the route of the No. 88 Market Street motor coach line down Solano Avenue to San Pablo, instead of the peak-hour (only) service now given by the No. 73. Lines 85 and G will continue without change. I am confident that you and your fellow citizens will find this improved service a great convenience.

Sincerely yours,

KEY SYSTEM.

Signed: Alfred J. Lundberg,
President.

Fashions in Hollywood

By BERTIE NICHOLS

THOSE CHILLY MID-SEASON winds are not troubling BARBARA FULLER these days since she has her new full length hostess coat of white broadtail. The luxurious model was designed for her by Esther Dorothy and features a smart upstanding collar, a brilliant chiffon lining banded in satin and seen on the turn back cuffs, and a wide gold and silver kid belt to accentuate her small waistline. Adorning her smart upswing hair-do is one of Esther Dorothy's fur "tuffets" in matching white broadtail. Barbara is heard with NBC's Barry Fitzgerald on "His Honor, the Barber."

BARBARA FULLER

FOLLOWING THE RECENT Look awards on Bob Hope's radio program many of filmdom's best dressed women were seen at NBC's later congratulating the winners. . . . CONNIE MOORE looked glamorous in a black satin dinner gown topped by a black satin officer's coat lined in ermine, with ermine lapels. . . . NBC's GRACIE ALLEN arrived wearing a sheer black soufflé gown, featuring an off-the-shoulder decollete, with the contradiction of long sleeves to add a new note. Her jewelry consisted of loops of diamonds on a thin palladium chain. . . .

SUGGESTION OF THE WEEK: BETTY RHODES, singer on NBC's "Meet Me at Parky's," says that one of the secrets of being well dressed is having your clothes properly fitted. She passes along one idea which has been most successful for her. She has all of her suit skirts rounded in the back waistline to follow the natural contour of the body, thus preventing the skirt from riding up and wrinkling across the hips.

policy—to furnish the best possible service; to render the service as economically as possible; to charge for the service only an amount to keep our company financially vigorous—it is of vital importance that its earnings be such that they will continue to attract the necessary amounts of new capital needed to accomplish these objectives. Earnings that are adequate are in the public interest, because earnings that are less than adequate necessarily jeopardize the efficiency and the scope of the service. Thus, our company and the public it serves have a common interest. In full recognition of that interest, the charges for the service rendered should reflect a fair treatment policy expressed in rates which, at all times, will be such that sound economic considerations will prevail in the interest of all parties—the patrons, the employees and the investors.

"A successful nation is a prosperous nation. In order to increase and to sustain the production which is vital to that prosperity, business and industry must, of necessity, prosper as must their personnel who, through the dedication of individual effort, contribute to the forward march of America. This fundamental concept, the recognition of the dignity and worth of the individual and the value of free enterprise, with equal opportunity for all—the American way of life—has produced the highest standard of living among all peoples. Progress has been the measure of the welfare of our great Nation—it will be the earnest endeavor of our company, as it has been in the past, to render a communication service, which through its scope, efficiency and dependability, will continue to make its full contribution to that progress."

The Grin that Won a War

DON'T LET HIM LOSE IT NOW!

HE WENT INTO BATTLE with a smile and a wise crack . . . he took everything the enemy could throw at him, and suffered in silence when wounded.

We can't let him lose that spirit now. During the endless months of impatient waiting to come home . . . or the long weeks of convalescing . . . thoughts may weigh heavily on his mind.

We at home helped him keep his chin up. When he's back, proudly wearing the little gold eagle, emblem of an honorable discharge . . . will that grin fade? Will that happy-go-lucky smile change to bitterness? The grin that won a global war can win a private one and the Red Cross is ready to help wherever need for its counsel and guidance exists.

Through the long, gruelling years of war the Red Cross reached across the sea and extended a friendly hand to our fighting forces . . . and those returning home can find in every local chapter the same symbol . . . the same spirit of helpfulness.
